AN ERUDITE HORSE.

LROM BERLIN comes the announce ment that one Herr Wilhelm von Osion has succeeded in conferring on a certain Orloff stallion accomplishments attained by few human beings. That is to say, he has cultivated the animal's brain to a degree that makes the horse not only a mathematical prodigy, but a musician of no low order and something of an artist. It is well established that music, art and mathematics are seldom developed to a remarkable degree in the same human being, which makes this horse a remarkable steed, indeed. The animal not only has "a grasp of the principles of arithmetic," but "forms little sen-tences," "discriminates twelve colors and shades," "distinguishes musical tones," and "picks out discords,"

The animal, we are informed, has been tested by Dr. Studt, Prussian minister of education; Professor Sweinforther, the famous African traveler Professor Karl Stumpf of the Berlin university, Herr Schillings, the naturalist, and Ludwig Heck, director of the Berlin zoological garden, all of whom were much amazed. It would be interesting to know the

circumstances surrounding the distinguished gentlemen catalogued above at va the time they saw the horse do all the hair things mentioned. The time of day would have an important bearing on the strength of their evidence. If, it should be shown that they witnessed the performance in daylight our wonwe would not be at all surprised. Speaking of the mayor of Ogden, did you hear anything drop?

It is not thought Kearns will worry much over the opposition of the sheepmen if he can win the legislative candidates over to his way of thinking.

Each of the three Republican candidates for nomination for governor can see that the other two could do the party much good by withdrawing from

JOINT SCANDINAVIAN **EXCURSION TO** many years there has dominated the affairs of the Republican party of this city and county a creature who has publicity and county a creature who has publicity boasted of his commission of felony, and this wretch has, by methods of terror and evil unspeakable, driven many good men of his party into fearsome hiding or into reluctant association with him, and brought about him in support such influences and methods as that Ogden has been a his and by word throughout the state. Last night the people of the party which he had degraded and ruined rose in their majesty and overthrew him and his cohorts. With him went down some good men who had been deceived into following him, and for these there is pity. It is, a mighty day for Ogden. Public conscience has risen from its slumber. The integrity of the people has been resurrected; never hore will they need to feat. They have demonstrated that they can smite the wretch who has abused and misused them, and that no lightning stroke will follow in return. Ogden glorified and freed from the corrupting power of this creature, will grow to greater esteem in the eyes of the state and will grow to greater splendor as a city of happy homes and earnest, safe business life. Vale, the power of the wretch; glory to the power of the note people.

Of Interest to Sick People,

Of Interest to Sick People,

We have all the sympathy in the world for sick people, and want to treat them in a serious way. There is no humor in pain or affliction, but hard, carnest fact. It is impossible for the patient to impress on others the extent of suffering they endure, and their anxiety for relief. To get well or be relieved is their one thought. Any remedy that will bring this about has their everlasting gratitude. We have thousands of letters from people who have had dyspebala, sick headache and bilious attacks, who tell us how thankful they were for having used Dr. Guñn's Improved Liver Pills. They are sold at all drug stores for 25c per pox. Only one for a dose. These pills remove the cause of disease and make the siein clear and healthy looking. Nelden-Judson Drug Co.
